Why an online store?

Your customers already shop online. Your store, though, still closes at 8pm.

Sell 24/7, wherever you deliver — beyond opening hours, distances or your physical storefront.

Why an online store?

⌚

AVAILABILITY

Customers order where and when they want

Phone, tablet or computer: your products are visible and orderable around the clock, even when the shop is closed.

👉

TRUST

Human contact stays at the heart

No online payment required: your customers order on the site and pay cash on delivery or in store. Simple and reassuring.

📊

PROFITABILITY

Keep your margins

No commission per sale, no hidden monthly subscription. The store is yours: you only pay once.

Everything included

A turnkey store, without needing to understand a thing

No need to be a computer expert. We handle everything: hosting, design, launching, training.

Trilingual — Français, العربية, English

The customer picks their language. Arabic displays correctly right-to-left (RTL) — no glitches or inverted text.

Cash on delivery

A model designed for Tunisia: order without an account, pay cash on delivery or in store, with no bank gateway.

Configurable shipping and fees

Price per city, free shipping above a threshold, Greater Tunis, Sfax, Sousse zones... everything is set from the admin panel.

Smart catalog

Categories, subcategories, brands, sizes, colors, variants and stock management: perfect for clothing, cosmetics, grocery or crafts.

Marketing toolkit

Discount coupons, promotions, banners, featured products, newsletter and buttons to Instagram, Facebook and TikTok.

Visible on Google

Multilingual SEO, sitemap, legal pages and optimized product pages to appear in French and Arabic searches.

The BlediShop offer

A real store, not just an Instagram page

With a professional website you control your orders, prices and data. Instagram stays your showroom; the site becomes your automated checkout.

- Order without registration — your customers order in 30 seconds, a key factor for converting impulse purchases.
- Prices in TND with configurable VAT — display “49,900 TND” the way your customers know it.
- Your products. Your data. Your design. The site belongs to you, with full access codes.
- Today's commerce — mobile-first, modern and fast design, suited to customers browsing from Facebook or WhatsApp.
